

A man with grey hair and a beard, wearing a bright yellow blazer and white trousers, is sitting on a large, weathered classical statue. The statue appears to be a reclining figure, possibly a deity or a historical figure, with a long beard and curly hair. The background is dark and textured, suggesting an outdoor setting. The overall image has a torn paper effect, with white edges around the text and the man's photo.

RHEONIC your solution provider
in rubber industry

Supply chain

Formulation

Mixing Process

Laminates Production

Curing

You have a problem, ask RHEONIC

Dario Nichetti, PhD. +39-348-1850166

E-mail: rheonicsrl@pec.it

to understand your needs and deliver true results focusing on strategic decisions and practical actions.

our expertise and know-how to identify develop and improve your compounds, processes, moulds and products.

Workshop on rubber formulation processing, numerical modelling, and material testing and rheology.

to co-design customized solutions with our clients, prioritizing initiatives that will bring the most value to consumers while minimizing the costs of implementation

to help companies to become more profitable by solving problems focusing on know-how delivery.

RHEONIC

is an engineering company founded in 2015 with the mission to provide consulting services and partnership to rubber industries in the following fields:

Rubber compound formulation

Improving product design and reducing TIME TO MARKET

Processes optimization using numerical simulation techniques

Vulcanization cycles optimization enhancing curing levels

Supply Chain development

Rubber testing
